

LETTER OF RECOMMENDATION

PartyLand recently had the pleasure of working with the talented artists of Face Painting Illusions and Balloon Art at our Lehi store's Grand Opening Celebration on September 15, 2007. During our full day of fun (10am – 6pm) these three incredible artists never stopped working, and never stopped smiling! As a result their line of customers never ended!

The work they performed for our customers was astonishing! Every child (old and young) that came through the door had something creative, beautiful and unbelievably meticulous painted on their face. These artist's speed, attention to detail, color and occasional dash of glitter had everyone in awe!

They are also extremely skilled at balloon art. I have been in the balloon business for 11 years and have never seen some of the new and creative balloon art they created for the children that day.

Everyone at our event enjoyed Puddles', Tiger's and Giggles' enthusiasm, personality and professionalism. I was also impressed with their kindness and patience with people of all ages.

Face Painting Illusions and Balloon Art is a joy to work with. Having them come definitely made our event a hit everyone will remember! I am happy to recommend the services of Face Painting Illusions and Balloon Art to anyone who wants to make their event amazing!

Sincerely,

Stefanie Grassley
