To Whom It May Concern:

I highly recommend Face Painting Illusions and Balloon Art, LLC with much enthusiasm.

I am in charge of our company's annual summer party, and we've used Emily Steck's face painters and balloon artists for the last 5 years. Our summer party is up the canyon in a secluded area, and it's very difficult to find. Emily ensures that all her employees have sufficient directions and are early to ensure they're ready to go on time.

Typically they paint about 200 faces, on average, for our party. The paint jobs are very professional and well done. We've had them do some ornate paintings, that have covered entire heads (bald heads)! We enjoy taking pictures of all the varieties of paintings that are done. Everyone in the company looks forward to it. The painters are great about seeing a picture and using that for reference to create the look. I've seen Despicable Me, Transformers, Spiderman, vampires, gorillas, snakes, butterflies, puppy dogs, pandas, etc. You name it, they can create it!

The balloon artists are phenomenal as well. They've created some of the most fascinating things. I have seen fish in a fish bowl, weaved top hats, swords, etc. They are friendly and chit chat with each person while they are making the balloon art. They always seem to enjoy what they do.

I've been very satisfied with Emily Steck and her employees. We continue to rely on them every summer to ensure our company party goes well. If you have any further questions, please do not hesitate to call me.
